ZEISS Interlock Compact 2.8/21

ZEISS Interlock Compact 2.4/25

ZEISS Interlock Compact 2/35

ZEISS Interlock Compact 2/50

ZEISS Interlock Compact 2.4/85

Mount: M42 × 1 (with 18 mm FFD)

Sensor Format: Line scan up to 43 mm (8K) or
area scan (24 × 36 mm; 42 Mpx and more)

ZEISS Otus Lenses

Medium-format look and quality on full-frame cameras

- Exceptionally high contrast, practically no color fringes even at an aperture of f/1.4 and virtually no distortion
- Outstanding build quality and extremely smooth internal focusing mechanism with very long rotation angle for the very best usability
- Well-suited for cinema applications, especially with high-res, 8K sensors

ZEISS Otus 1.4/28

ZEISS Otus 1.4/55

ZEISS Otus 1.4/85

Mount: Standard EF-mount, Standard F-mount

Sensor Format: Line scan up to 43 mm (8K) or area scan (24 × 36 mm; 71 Mpx)
